Ger Blake: what you have done together, and how to approach him now

Tags: GMAIL seen in your email. PUBLIC public company record (SoloCheck, CRO) as logged 4 Sept. YOU your account. GAP not established. Ger is Director of DSB (advisers, Limerick and Ballincollig). Long-running deal, funding and financial adviser to you.

1. The relationship in five strands

Strand	What is on record	Status
Thomond Healthcare / Ilex primary care centres (2020 to 2026)	Multi-site PCC pipeline (Dooradoyle, Sixmilebridge, Killaloe, Clones, Kilbeggan, Croom, Midleton). Ger negotiated forward funding with PHP. THH in liquidation (25 Jun 2026); you and Ger shared relief at that on 5 Jun. Your own THH employment ended about April 2021. GMAIL	Wound down. Ilex is the live framing for new sites.
Midleton PCC	Planning granted by Cork County Council (ref 24/06172, applicant Kendrick Properties; 26 conditions; decision 9 Jul 2025, grant 13 Aug 2025 per council lists). PHP declined to fund on 28 Apr 2026. Ger: "back to the drawing board". No commencement notice found. Silence since. GMAIL PUBLIC	**You wanted to check the commencement notice and report back to Ger**
Croom Lands	About 8 acres held by you, Ger and Ger's brother-in-law (who forwarded the purchase funds), beside the Croom PCC. HSE interest; site meeting 2 Sept where Ger sent others and said "very sensitive stage, we need to be careful". Your 22 May question on HSE movement was unanswered. GMAIL	Live but quiet
MiDentalCare (liquidation) and your legacy finances	Ger advised on funding (Sept 2025 thread "MiDentalCare Funding"; you agreed "across all fronts", chat Friday). MiDentalCare in creditors' voluntary liquidation; you were a director. April 2025 IBI/DC Advisory funding deck from James Doody (you sent the pages to Malachy on 4 Nov). BOI Finance lease and loan items, fees owed to friends, wages claim items are in your creed under "Resolve my past". GMAIL	You want Ger's help on financial planning and the historic issues
Meridian and Ambrion with DSB	17 Feb 2026: you sent Ger "SPOIN Phase 2, DSB.ie" (Ambrion, Shane copied). 7 Oct: you introduced Meridian informally; **8 Oct Ger replied politely that most of his clients are retailers so unlikely to need it**, "will keep it in mind". 9 Oct: free-trial Decision Brief offered, five working days, with a 30 minute critique call in return. **Draft v1 written 29 Oct, not reviewed or sent; now well past the five days.** GMAIL	Overdue by your own commitment. Meridian is not incorporated.

2. Public-record picture of Ger's interests (4 Sept, SoloCheck and CRO; to be checked before you rely on it)

- **Kendrick Properties Ltd:** Ger and David Lehane each 50%. FY2025: net liabilities 79,010 euro (worse than 2024), long-term loans 400,000 euro, going concern relies on directors and creditors. Probably the Midleton applicant (matching site and scope, not confirmed in correspondence). PUBLIC
- **Leratian Investments Ltd:** David Lehane director; **Ger company secretary from 1 Jan 2026**; accumulated losses 293,703 euro, net assets 256,397 euro. PUBLIC
- **Barpat Pharma Ltd:** Ger a shareholder; in liquidation about 18 months ago (your knowledge). Brienross, Clodar and others link to David Lehane. PUBLIC
- **Your own position in this web:** you were registered as an employee of Leratian for the PCC work and say you **have not been paid in over two years** (disclosed 6 Oct). Payment of Wages Act route has a 6-month limit (12 for reasonable cause); civil contract claim six years. Not yet taken to an employment solicitor. YOU

3. What this means for how you approach him

- **Ger is a friend, an adviser and a counterparty at once.** He owns half of Kendrick (the Midleton applicant), is secretary of the company that owes you wages, shares Croom Lands with you, and is your adviser on your own finances. Each strand is fine alone. Mixed in one email they create conflicts for both of you.
- **Keep three lanes separate in writing:** (1) friendly and practical project updates (Midleton, Croom, the Meridian brief); (2) your personal financial planning and legacy matters, as a client asking for advice, preferably by call or meeting; (3) the Leratian wages matter, which should **not** go to Ger until you have taken employment legal advice, because he is on the other side of it as secretary.
- **Lead with the brief.** You committed five working days on 9 Oct. Say plainly it is late, give a date you will keep, and keep the offer of a 30 minute critique call. Honest and short beats a long apology.
- **Midleton question, asked simply:** "Has a commencement notice been served, and what is the plan now PHP has declined?" Do not mention Kendrick's accounts or use the public record against him; ask him. Remember Kendrick is stretched and that he is waiting too.
- **Noesis:** Ger is not part of it. Raise nothing about the group, shares or documents unless Shane agrees. If he asks, say you are busy with a new group with Shane and leave it there. Meridian is separate from Noesis and needs a company before any fee or contract.
- **Friendship first:** the first message in each lane should be warm and short, with one ask. Do not stack several asks in one email.

4. Open questions only Ger can answer

Midleton commencement notice and plan B; whether Axis Health Care is on the same site; the Tusla contact of 14 May 2021; the Croom HSE position; what DSB paid or owes for SPOIN Phase 2 (status of that engagement is not on file); whether he wants the Decision Brief and for what

clients; who "Will" at DSB is; and, at the right time, the Leratian wages position.

Next steps for you to decide: (1) a short friendly email to Ger on the update items, with a date for the brief; (2) a separate call to talk through your financial planning; (3) employment legal advice on the wages before that subject goes near Ger; (4) review Decision Brief draft v1 and confirm the angle. I draft nothing outward until you say so. One word of your dictation about Ger's role in your financial planning was unclear, so I have read it as adviser; correct me if you meant something else.
