SEVEN INTELLIGENCE DOMAINS

Meridian Intelligence

1. Commercial & Transaction

Any commercial transaction, partnership structuring, channel-partner development, revenue-model design, or deal evaluation.

2. Legal & Governance

Irish statute and case law, corporate governance, directors' duties, contracts, employment, insolvency, and regulatory compliance.

3. Finance & Restructuring

Financial analysis, funding structures, investor materials, restructuring scenarios, and succession planning.

4. Property & Development

Property transactions, title matters, development feasibility, planning analysis, and asset structuring.

5. AI Strategy & Adoption

AI governance, EU AI Act compliance, adoption roadmaps, policy drafting, and structured implementation support.

6. Business Growth & Transformation

Operational analysis, revenue gap identification, inefficiency removal, new product scoping, and growth roadmaps.

7. AI Equity & Investment

AI as an asset class, AI-equity arrangements, AI valuations, investment exposure assessment, and portfolio positioning.
